Sorry not to have acknowledged receipt of both returns earlier.

After getting the note in the second, I phoned the N.O. DA's assistant and wrote his chief investigator asking them for whatever else they have.

When you are here again, I have another file on these boys, with a different orientation, more limited, but you may want to see it.

If I hear nothing from Olm in another week, I'll write and I'll also send him a few nucks for his costs.

When I get the next batch, I'll phone you.
